SONOMA-MARIN PARTNERSHIP HIGH-EFFICIENCY CLOTHES WASHER WATER REBATE APPLICATION

Effective July 1, 2011, Water Retailers throughout Northern Marin and Sonoma Counties will offer water rebates for Residential High-Efficiency Clothes Washers. This program only rebates High-Efficiency Clothes Washers that are listed as Tier 3 on the Consortium for Energy Efficiency's (CEE) Clothes Washer Qualifying Product List.

FOUR EASY STEPS TO PARTICIPATE

1. Be a customer of one of the Participating Water Retailers identified on this application.

2. View the current list of CEE approved clothes washers by calling your local Water Retailer or by asking a sales associate for a copy of the list. *No water rebates will be given for the purchase of clothes washers that use silver ion technology.*

3. Purchase a new, high-efficiency clothes washer that meets the CEE Tier 3 specifications and have it installed in the service area of one of the participating Water Retailers. Purchase of the clothes washer must have occurred between July 1, 2011 and December 31, 2011 to be eligible for this rebate.

4. Submit a completed application and the original sales receipt by mail to the address of your participating Water Retailer. Please note: **all rebate applications must be postmarked no later than 60 days after purchase date.**

TERMS AND DETAILS

Only clothes washers that meet the water and energy efficiency requirements listed as Tier 3 on the CEE list qualify for this rebate. All rebate applications must be mailed to the proper Water Retailer. Please note the rebate amount varies by Water Retailer. Please call the telephone number listed on the other side of this application to learn more about the rebates available to you. This application is separate from any other rebate applications from the manufacturer and/or the energy provider. The rebates are available until all funds have been spent or December 31, 2011, whichever comes first. This program is subject to change or end without prior notice. The qualifying clothes washer must remain on-site for at least 6 months. There is a limit of one clothes washer rebate per household for every 5 years. Allow up to eight weeks for processing, handling and issuance of rebate.
