This program only rebates High-Efficiency Clothes Washers that are listed as Tier 3 on the Consortium for Energy Efficiency's (CEE) Clothes Washer Qualifying Product List.

FOUR EASY STEPS TO PARTICIPATE

Purchase of the clothes washer must have occurred between January 1, 2012 and June 30, 2012 to be eligible for this rebate.
- 4** Submit a completed application and the sales receipt by mail to the address of your participating Water Retailer. Please note: **all rebate applications must be postmarked no later than 60 days after purchase date.**

TERMS AND DETAILS

All rebate applications must be mailed to the proper Water Retailer. Please note the rebate amount varies by Water Retailer. Please call the telephone number listed on the other side of this application to learn more about the rebates available to you. This application is separate from any other rebate applications from the manufacturer and/or the energy provider. The rebates are available until all funds have been spent or June 30, 2012, whichever comes first. This program is subject to change or end without prior notice. The qualifying clothes washer must remain on-site for at least 6 months. There is a limit of one clothes washer rebate per household for every 5 years. Allow up to eight weeks for processing, handling and issuance of rebate.
