

North Marin Water District

REQUEST FOR BILL ADJUSTMENT

In the event water use for a disputed bill is in excess of one and one-half times the normal seasonal use as solely determined by the District, and there is no evidence that the excess use was due to a willful or negligent act, the consumer's account will be credited in accordance with the District's Bill Adjustment Policy (<https://nmwd.com/pdfs/Board/2-%20Bill%20Adjustment.pdf>). All leaks must be repaired and water use reduced to normal prior to an adjustment request. An adjustment is allowed only once in any consecutive 24-month period. Prior to granting a bill adjustment, the consumer must allow the District to complete a Water Smart survey to verify corrections have been made, and to identify other applicable water use efficiency measures.
